

CAN VENDORS ATTEND POLICY AND COMMITTEE MEETINGS AT CCAP CONFERENCES?

A full Conference vendor registration entitles the vendor to a name badge which permits them to attend all sessions, meals and breakouts on the day(s) of their paid registration. There are special circumstances where events are “by invitation only” or closed to non-voting members (including vendors). This may include events such as special insurance programs dinners and the priorities voting session at the Fall Conference. Regular policy and committee meetings normally scheduled for the Sunday afternoon of each CCAP Conference are generally open to any registered Conference attendee, with the exception of the Fall Conference’s concurrent committee meetings, where the committees focus on setting their priorities for the upcoming year. It is preferred that the vendor contact CCAP in advance to notify them that they would like to attend a committee meeting. If notification is not given in advance, the vendor should approach the individual committee staff liaison or committee chair prior to the start of the meeting in order to notify them of their presence.

Vendors should not sit at the main Conference table, but should sit in the perimeter seating area. The commissioners come to the policy committee meetings with an agenda and issues to discuss. They are not expecting a sales pitch from vendors and are inconvenienced by vendor interruptions. Please be recognized by the committee chair or staff liaison prior to speaking during the meeting and make sure that the information provided is relevant to the topic at hand and not specific to the vendor’s business needs. It cannot be emphasized enough that these policy and committee meetings are extremely important to county business and the priorities of the Association. The vendor is welcome to attend sessions to gain knowledge and a better understanding of county government, but networking and active participation is not appropriate during Conference committee meetings or sessions.
