Risk Control Services

CCAP Insurance Programs

CCAP's Insurance Programs offer a wide variety of safety resources to members at **no additional cost!** For more information on Risk Control Services, reach out to a risk control staff member or visit us at ***www.pacounties.org/insurance/risk-consulting***.

Consulting Services

Consulting services are provided by our risk control staff to assist members with the development of their risk management and loss control programs. Services may include: providing "model" safety programs, assisting with the development of return to work programs, offering innovative, evidence-based wellness program ideas to members, participating in safety committee meetings, evaluations utilizing slip, sound and light meters, identifying hazards, providing training and consulting with our member's staff regarding specific safety and loss control issues.

Risk Control Training Opportunities

CCAP's Insurance Programs strive to offer valuable trainings in the areas of loss control and risk management for officials and employees of Pennsylvania's counties and county-related entities. Each insurance pool offers many training opportunities throughout the state which are free to their members and open to nonmembers for a fee. To learn more about the trainings currently being offered, contact Linda Rosito at ***lrosito@pacounties.org***.

CCAP Insurance Programs

Wellness Nurse

The Insurance Programs has a Registered Nurse (RN) on staff. Our RN is here to assist with trainings and education, management of outside nurse case managers, construction of provider panel lists and return to work programs, conducting medical reviews, participating in claims reviews and promoting wellness. We invite you to join in this effort by using these resources for awareness and training activities. This position works directly with our members, risk control specialists and claims adjusters. For more information, or to speak with our RN directly, contact Jean Henry at ***jhenry@pacounties.org***.

Safety Websites

CCAP's Risk Control Specialists have compiled a number of useful safety websites to be referenced. Websites contain information relating to building maintenance, ergonomics, healthcare and disaster recovery.

STOPit - PCoRP and PComp Employee Reporting Program

Employees can now discreetly report knowledge of, or suspicion of, workers compensation fraud, embezzlement, theft or any other crime that occurs in their county or county-related entity when they are not comfortable reporting directly to management. For more information, contact Andrew Smith, Risk Control Specialist 2, at ***asmith@pacounties.org***.

CCAP Risk Control ListServ

The Listserv is a communication tool used for the purpose of distributing messages to members by an electronic mailing list. The Listserv was established to manage the multitude of messages sent between members and to organize those messages for future review. The Risk Management Listserv is hosted by any member that would like more information or assistance in joining should contact your risk control specialist.
